

# PUBLIC NOTICE

## TOWN OF NEWTON

### Mosquito Control

The Mosquito Control program begins the week of April 11, 2011 in the Town of Newton. Crews from Dragon Mosquito Control will be checking swamps, marshes, woodland pools, ditches, storm drains and other shallow, stagnant water for mosquito larvae. When mosquitoes are found, the following insecticides may be used:

VectoBac ( <i>Bacillus thuringiensis israelensis</i> )	Agnique MMF (poly-isooctadecyl-hydroxyl)
Natular (spinosad)	Mosquito Larvicide GB-1111 (aliphatic petroleum hydrocarbons)
Altosid (methoprene)	BVA 2 Mosquito Larvicide Oil (highly refined petroleum distillate)
VectoMax WSP ( <i>Bacillus sphaericus</i> and <i>Bacillus thuringiensis israelensis</i> )	

If Eastern Equine Encephalitis or West Nile Virus is found in or near Newton, then emergency spraying may be conducted using the following products:

Anvil (sumithrin)	Wisdom TC Flowable (bifenthrin)
Zenivex (etofenprox)	Cross Check Plus (bifenthrin)
Permanone (permethrin)	Mavrik Perimeter (tau-fluvalinate)
Flit (permethrin)	Suspend SC (deltamethrin)
Bifen I/T (bifenthrin)	

Emergency spray treatments may be conducted at the following locations:

Elementary School	Willow Grove Trailer Park
Middle School	Packers Meadow
Greenie Park	Highland Cemetery

A truck mounted sprayer could also be used to disperse Anvil (sumithrin) or Zenivex (etofenprox) along roadways during a public health threat. It is not possible to predict if emergency spraying will be necessary. The spray schedule is based upon mosquito surveillance data, disease test results and weather conditions. Further communication will be given if emergency spraying is going to take place.

Residents who do not want their property treated must contact Dragon Mosquito Control in writing at **P.O. Box 46, Stratham, NH 03885**. Be sure to include your name, physical address, phone number, and a description of your property with boundaries. Residents who would like to have their stagnant water checked for mosquitoes can call **964-8400** or email **Info@DragonMosquito.com**. There is no charge for this service. Contact us for more information on spray dates, location, materials used, precautions or other concerns.
