NH DHHS COVID-19 Update – March 30, 2020

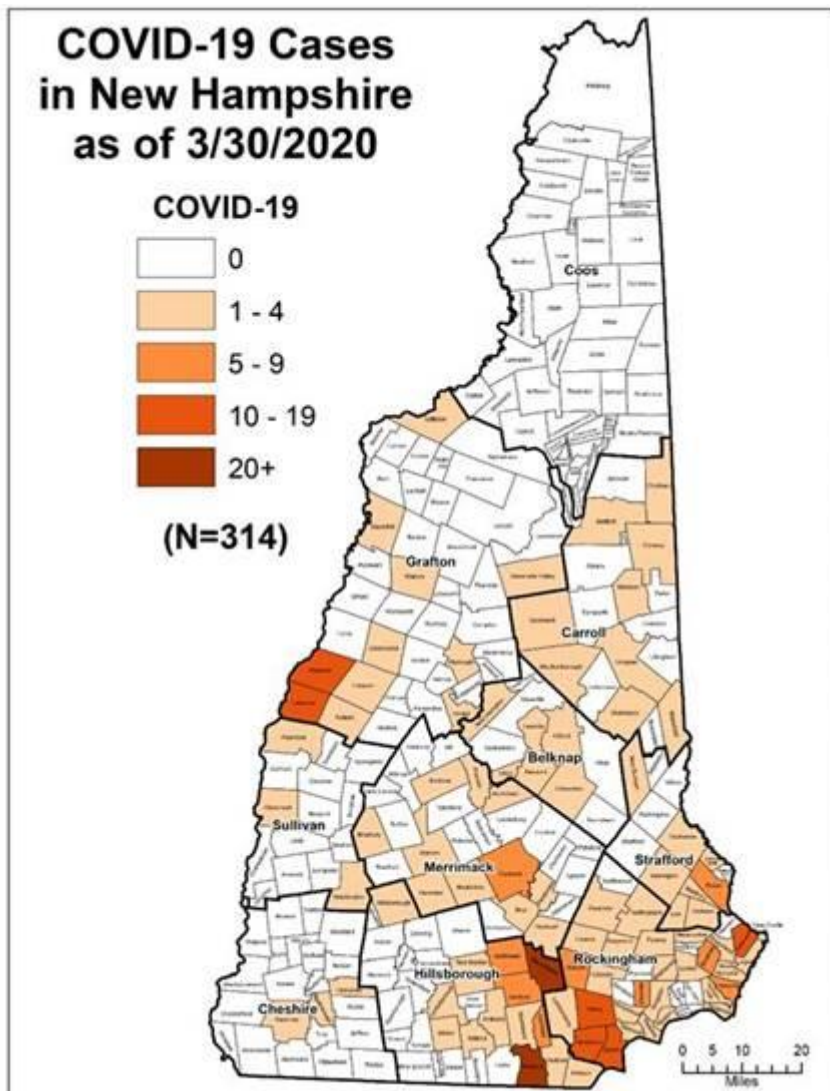

Concord, NH – The New Hampshire Department of Health and Human Services (DHHS) has issued the following update for March 30, 2020, on the new coronavirus, COVID-19.

On Monday, March 30, 2020, DHHS announced 56 new positive test results for COVID-19. There have now been 314 cases of COVID-19 diagnosed in New Hampshire. The new cases are 35 adult females and 21 adult males. The new cases reside in Rockingham (16), Hillsborough County other than Manchester and Nashua (5), Strafford (5), Grafton (5), Merrimack (4), and Belknap (3) counties, and in the cities of Nashua (12) and Manchester (6).

Four of the new cases were hospitalized for their illness; thus far, 45 patients of the 314 positive cases (14%) have been hospitalized. Thirty-four of the new cases have no identified risk factors. Community-based transmission continues to increase in the State and has been identified in all counties with cases. Most of the remaining cases have either had travel to domestic or international locations or have had close contact with a person with a confirmed COVID-19 diagnosis.

DHHS also announced that new data sets are available. Effective immediately, the NH DHHS COVID-19 Updates will include a map of positive cases on a town-by-town level. In addition, new data sets featured on [NH.gov/COVID19](https://www.nh.gov/COVID19) website include age and gender breakdowns.

Current Situation in New Hampshire

New Hampshire 2019 Novel Coronavirus (COVID-19) Summary Report (data updated March 30, 2020, 9:00 AM)

NH Persons with COVID-19 ₁	314
